

### **Validation of postage stamps "Exotic Fruits in Bulgaria"**

Administrator, Friday 07 March 2025 - 15:03:32

Today, at the Central Post Office in Sofia, a new postage stamp with a variable edition on the theme 'Exotic Fruits in Bulgaria' was validated! Until now, postage stamps mainly presented typical fruits of our country. On the suggestion of the artist Stoyan Dechev, the theme was expanded to bring more variety to the stamps used for universal postal service. For philatelists, a block list with horizontal perforation, containing two series of the two nominal values, has been printed.
